## **Fee associated with lodging and board**

### **On-campus accommodation**

On-campus accommodation is compulsory for Bachelor students during Practical semester, and BSc year Semesters 1 & 2, as well as for all Bachelor direct entry and Bachelor exchange students transferring to Les Roches Crans-Montana for the first time. The standard rate covers accommodation in a shared Double Room for Bachelor BSc Semesters. The single room is available upon request and based on availability for BSc students (S1, S2, S4, S5). After the downpayment is made, all students choosing the school accommodation will receive instructions by email on making a room reservation in our online lodging platform. Students' rooms are only confirmed upon the receipt of the full payment of fees as per payment deadline.

Les Roches on-campus accommodation includes all costs relating to heating, electricity, maintenance, bed linen, housekeeping service (once every two weeks), free wifi and residential kitchen facilities.

### **Full (residential) or flexible board**

Full board in Crans-Montana includes three meals a day, five days a week, as well as brunch and dinner on Saturdays and Sundays. For students, who received written approval from the Executive Management Team to live off campus, the compulsory flexible board option can be upgraded to full board upon additional payment. Students on flexible board have a "credit" of 170 meals to use during the semester at their own convenience (breakfast, lunch, dinner, weekend brunch). Once this "credit" consumed, additional meals will be charged separately.

## **Insurance**

Health insurance coverage is compulsory by law in Switzerland. Therefore all students are automatically covered with the insurance

provided by the school. This covers them for health and accident, while on campus and on internship, at the most competitive rate, which may vary from one semester to another.

However, if a student has a private, valid insurance cover equivalent to the Swiss health insurance cover scheme, they may request to get exempted by the Swiss authorities before their arrival on campus. Failure to complete the request, the insurance provided by the Institution will apply. Information about the exemption and comparison between private and school insurance is available from the Admissions department or from the Les Roches website [lesroches.edu/apply/accepted-student-information/pre-arrival-information/](https://lesroches.edu/apply/accepted-student-information/pre-arrival-information/). Students keeping their private health and accident cover are responsible for verifying that their documents are valid while in Switzerland or abroad. Les Roches will not cover any related expenses. Personal and private insurance, to cover issues such as damage or theft of personal property, is not compulsory but is strongly recommended and is the student's responsibility.

Les Roches cannot be held responsible for the theft of personal belongings, student damage or third party insurance. The health insurance fee for the internship semester(s) will be charged on the invoice for the previous on-campus semester.

## **Personal expenses**

It is estimated that students require on average sum of CHF 500 per month to finance their out-of-pocket expenses such as snacks and drinks, entertainment, personal supplies, laundry, and any other personal expenses.

## **Internships (if applicable)**

Although internships are generally paid by the employer, the remuneration received cannot be expected to finance studies at Les Roches.

## **Visa application procedure for accepted candidates**

As some students will require a student Visa to enter Switzerland, they are kindly requested to verify Visa requirements for their nationality and apply at the right time.

To see if a student Visa is needed to study in Switzerland, please visit the official Swiss website: [sem.admin.ch/sem/en/home/themen/einreise/faq.html](http://sem.admin.ch/sem/en/home/themen/einreise/faq.html)

This non-refundable deposit guarantees the reserved place in the program and is automatically deducted from the first semester's invoice. In case an accepted candidate postpones his/her studies, the balance will be carried forward to the next two subsequent intakes.

## **Late cancellation fee & refund policy**

Except as described hereinafter, all fees outlined and paid for are non-refundable. If a new student cancels before the official arrival date on campus, only the downpayment (reservation) will be retained (see above). At the end of the studies (or if the student definitively withdraws), the sponsor can claim for the refund of the positive balance for a maximum of two years after the last official check-out day of their last on campus semester.

## Exchanges

As part of their academic program at Les Roches, students may be offered the opportunity to study in another Les Roches or Glion campus (Glion is a sister school also accredited by NECHE and SAC with campuses in Switzerland and the United Kingdom). Such opportunities are subject to approval by Les Roches as per selection criteria determined by Les Roches at its sole discretion. The opportunity to study in a Glion campus is however limited to one semester across the program (and possible during certain semesters only). As a limited number of students may benefit from these opportunities each semester, Les Roches does not guarantee that any student may benefit from these opportunities. Students interested in such opportunities must comply with the then-current procedures and deadlines (files are reviewed by Les Roches on a first come first served basis).

In case of acceptance, the student will pay the tuition and other fees applicable for the concerned semester(s) directly to the host campus according to the rates applicable at the host campus for the concerned semester and Les Roches does not guarantee that any scholarship granted by the Les Roches home campus will be maintained by the host campus as the case may be. Students will also be solely responsible for any other expenses incurred, such as but not limited to travel expenses, visa fees and any other private arrangement for the semester(s) in the concerned host campus. Students are usually given a week after official acceptance to cancel their exchange without incurring any fee. After this deadline, a cancellation fee applies. During their semester(s) abroad, student shall at all times comply with all rules, regulations and policies of the host campus, as they may be revised from time to time, including without limitation those related to academic, disciplinary, residency or financial matters.

## Transfers

Les Roches also offers the opportunity to permanently transfer to another Les Roches or Glion campus. Such opportunities are subject to standard admission rules of the host institution. Degree will always be delivered by the institution where the student finishes the final year of academic study. All Les Roches & Glion degrees are accredited by NECHE and SAC.

## Semester Abroad

Les Roches may offer Semester Abroad programs for students from other institutions worldwide. The purpose is to enable such students to enrol in proposed subjects at Les Roches for credits which may then be applied towards their degree at their home institution. Such students follow the Study Abroad program as non-degree seeking students and are enrolled at Les Roches as full time, “non-award” students for the duration of their Study Abroad program. Successful completion of the Study Abroad program, will usually result in the award of 15 credits by Les Roches unless otherwise indicated by Les Roches. It is the sole responsibility of the students to obtain official academic approval from their home institutions for subjects taken at Les Roches to ensure credit recognition. Les Roches have entered into agreements with partner institutions to offer such partner institution’s students specific Semester Abroad opportunities at Les Roches. In case of discrepancies between the terms of such agreements and the terms herein, the terms of such agreements shall prevail.

## Accreditations

Les Roches Global Hospitality Education is accredited by the Swiss Accreditation Council (SAC) as a University of Applied Sciences Institute and the New England Commission of Higher Education (NECHE).

Accreditation of an institution of higher education indicates that it meets or exceeds criteria for the assessment of institutional quality periodically applied through a peer review process. An accredited college or university is one which has available the necessary resources to achieve its stated purposes through appropriate educational programs, is substantially doing so, and gives reasonable evidence that it will continue to do so in the foreseeable future. Institutional integrity is also addressed through accreditation.

Accreditation is not partial but applies to the institution as a whole. As such, it is not a guarantee of every course or program offered, or the competence of individual graduates. Rather, it provides reasonable assurance about the quality of opportunities available to students who attend the institution. Institutional accreditation allows graduates to transfer to other institutions with an internationally recognized degree.

Inquiries regarding the accreditation status of Les Roches should be directed to the administrative staff of the institution. Individuals may also find information on:
