Unforgettable

MOMENTS

*Experience luxury
hospitality first-hand*

At Glion, we've been teaching the art of luxury hospitality since 1962. Now we've gathered all those years of hospitality know-how into a summer program designed specifically for 18 to 26 year-olds. Across one exciting and immersive week, you will enjoy the perfect introduction to this exciting, fast-growing and professionally-rewarding industry. Our Luxury Hospitality Summer Program is the perfect opportunity for you to sample the dynamic and diverse luxury hospitality industry, and to discover why Glion is the destination of choice for ambitious young talents seeking to forge successful, global careers.

Discover the exciting world of luxury hospitality

Making your temporary home in our flagship Glion campus, with its breathtaking views over Montreux and Lake Geneva, you will learn the secrets of service excellence from expert Glion faculty who have achieved global recognition in their fields. You'll also take part in academic masterclasses on key hospitality themes, as well as having the opportunity to go behind-the-scenes at five-star hotels, international luxury brands and other institutions where hospitality and service excellence are second-nature.

While developing hospitality knowledge and skills will be your primary focus, we've included a number of leisure activities to complement our industry-focused program content. You will also join your fellow program participants for a variety of delightful dinners on and off campus.

*Have you got what
it takes to deliver
luxury excellence?*

Glion campus: an icon of hospitality excellence

Formerly the location of an elegant Grand Hotel, Glion campus is today an acknowledged international focal point of hospitality and business education.

The campus is famed for its stunning views of Montreux, Lake Geneva and the Swiss Alps. It is where students from almost 100 nations come to learn hospitality's practical arts; giving themselves a solid foundation for future leadership roles.

The campus has its own fine dining restaurant, Maison Décotterd, with a bistro and upscale lounge bar (pictured), where students can refine their skills in a prestigious, 'real-world' setting.

Program highlights at a glance
