

English language assessment: Graduate applicants

All applicants, except for native English speakers or those who can provide evidence of having studied for the last 2 years full time in an English speaking Institution, are required to submit evidence of English Proficiency as outlined below. Although most of the certificates have a validity of 2 years, due to immigration procedures in Switzerland, we can only accept certificates that are no older than 12 months from the day the certificate has been issued and the program has started.

Please send us the results/certificate by email:

- For **Switzerland bound applications**: admissions@glion.edu
- For **London/UK bound applications**: admissionsuk@glion.edu

Only IELTS Certificates issued by approved IELTS testing centers will be accepted. We recommend that you check on the Internet the nearest approved IELTS testing center in your country of residence or of studies.

Please note that if you meet the English language entry criteria of having studied for the last 2 years full time in an English speaking institution, you will still have to sit an internal diagnostic test, allowing GIHE to assess your English language skills. Should the diagnostic results not meet the minimum requirement, you may be asked to defer your studies to improve your English language skills.
